

Letter 85: 23 March 1521, [Ebernburg], Martin Bucer to Capito

Printed in *Correspondance de Martin Bucer*, ed. J. Rott (Leiden 1979-), vol. I, p. 142, #28.

[*Summary*]: Bucer asks Capito to deliver a letter to Jakob Spiegel, in which he requests his intercession with the bishop of Speyer or one of his councillors. Bucer's opponents know that he has received a papal bull absolving him of his monastic vows, but are striving to prevent its execution.
