Printed in CorrBucer 1, pp. 222-224, Ep. 61. On Treger see below, Ep. 222 headnote.

[*Summary*]: They have received Treger's *Paradoxa centum...de ecclesiae conciliorumque auctoritate* [see below, Ep. 222 headnote] and ask him to dispute the doctrinal questions raised before a select group, preferably in his monastery. They suggest a meeting on the following day or the day after that.
