

Letter 350: [April 1528, Strasbourg], Capito to the reader

This is the first preface to Capito's *In Hoseam prophetam* (Strasbourg: Johannes Herwagen, 1528), which appears on the verso of the title page. For a second preface see below, Ep. 351.

Lectori.

Quam pie sentiam de Deo, de Christo Deo et homine, de sacramento incarnationis, de regno caelorum et officio Christi, de mysticis signis fidei, de praedestinatione, de servatione totius Israelis, de plenitudine gentium, et quo pacto inter electos concordia constare possit, pie lector, legendo haec, quam facile deprehendes. Cuius te ex animo admonitum velim.
