

Letter 377: [3 January 1529, Strasbourg], Capito to Nicolaus Kniebs

Printed in Rott, *Investigationes* I, 282.

[*Summary*]: All godfearing men seek Kniebs' support in their quest to have the mass abolished. He hopes that he will present the matter in a persuasive manner to the *Schöffen* [on 4 January, cf. above, Ep. 375, note 8]. A decision needs to be made. The city must either endorse the papists or shut them out.
