

Letter 505: 26 March [1533, Strasbourg, Capito] to Heinrich Bullinger

Printed in HBBW 3:92–3, Ep. 202.

[*Summary*]: Capito is informed about the negotiations of [11 March] with the Five Catholic Cantons [about their insistence on court proceedings]. He reminds Bullinger of their earlier advice [cf. above, Ep. 497]. The people of Zurich must ask for and can expect military assistance. The city council of Strasbourg has written to Philip of Hesse. Capito urges Zurich to stand fast and show no weakness in the negotiations.
